2023 PETITE SIRAH

Russian River Valley

STYLE

An iconic and timeless expression of Petite Sirah from the Foppiano Estate, this wine reflects decades of consistency and craftsmanship. Intense and powerful, yet nuanced and textured, it showcases the varietal's signature depth while maintaining balance and refinement.

VINEYARDS

Sourced entirely from the historic Foppiano Estate, where Petite Sirah has been cultivated for generations. The region's cool-climate influence allows for extended hang time, developing rich concentration while preserving structure and complexity.

COMPOSITION

100% Petite Sirah

WINEMAKING

Hand-harvested fruit was destemmed into open-top fermentation tanks, where it underwent controlled fermentation with twice-daily pumpovers until dryness to build color, flavor, and structure. The wine was then barreled down to complete native malolactic fermentation, followed by two rackings to gently aerate and refine the wine's texture before aging.

TASTING NOTES

Deep and expressive, this Petite Sirah reveals layers of coffee, dark chocolate, and pipe tobacco alongside notes of black licorice and dried fruits like dates and prunes. The palate is rich and structured, with a distinctive powdery texture reminiscent of cocoa. Hints of barbecue spice rub and chocolate-covered açai add complexity, leading to a long, powerful, and satisfying finish.

CELLARING

French and American oak for 24 months

PRODUCTION

Bottled: March 26, 2026
